To Deena Lisak for her support over many years.  

R.P.L.

To my parents, Te Truong and Cam Tran, who sacrificed for my opportunity; to my wife, Diane Truong and my children, who endured the commitments of my career; to my teachers, Stanley Fahn and Edward Hogan, who opened my door to neurology; to Victor Tsao and Suzanne Mellor, for whose support and wisdom I am grateful; finally, to all my patients from whom I’ve learned so much.

D.D.T.

To my beloved grandmother Pranom Chivakiat, my parents Mitr and Nisaratana Bhidayasiri, all my teachers of neurology, and lastly my patients who have taught me much about neurology.

R.B.

To my wife Kathryn and our daughters Gemma, Bonita and Laura. I thank you for your support, encouragement and forbearance.
